Amsterdam, the Netherlands, September 2021

Dear partner,

We would like to welcome you back on the 16th of December to the 22st edition of the M&A Awards in the Beurs van Berlage in Amsterdam.

An opportunity to take a breather from your hectic life as a dealmaker and to celebrate the deals you've successfully brought to a closing. To connect with your peers and business partners at the end of the year, and beyond reflecting on the past twelve months, to look ahead at what successful steps to take the coming year.

You will be surrounded by top-level dealmakers who all have had their trials and triumphs. This is the night to share and remember. We will showcase the highlights and present the stars of this year's M&A show.

Only the best professionals and firms will take home an award. Having said that, you, winner or not, play an important role in the world of mergers and acquisitions. It's you, who shapes the future of our corporate landscape. The M&A Awards are here to honour the transactions and the hard-working professionals who made them happen.

It's not only taking home an award, it's also voting for who you think deserves an award. Don't forget to cast your vote.

This year, we also present the launch of the Best Diversity Firm award, reflecting important upheavals in the industry and showcasing inclusion innovations which could spur others to follow suit.

See you at the spectacular 22st edition of the M&A Awards in the Beurs van Berlage in Amsterdam on Thursday 16 December 2021. An event where professionals can connect, win, and showcase themselves.

All the best,

Ellen Proper

> Framework

1. Annually in October, the organization conducts the M&A Awards survey.
2. Based on the M&A League Tables, the organization draws up a list of leadincompanies in M&A, corporate finance and private equity. Added to this list are corporates involved in deals from the end of 2020 until the end of 2021 larger than 50 million euros. Experts working in these companies are invited to take part in the survey.
3. The M&A League Tables is used by the organization to create longlists for the survey and to select and check experts, nominated deals and firms.
4. The deals must at least have one Dutch component. A company is regarded Dutch if it is listed on the Euronext Amsterdam Stock Exchange or is headquartered in the Netherlands or has key activities in the Netherlands. Exceptions can be made (1) if the editorial board of [MenA.nl](https://www.mena.nl) has reasons to assume a company is registered in the Netherlands for other than operational reasons (e.g. fiscal), (2) in case the company uses dual headquarters, (3) or in case the company separated the legal and operational headquarters.
5. Deals need to be announced or closed between November 1, 2020 and November 1, 2021.
6. A deal can only be nominated once for the M&A Awards.
7. A deal, professional or firm cannot be nominated in multiple categories. In that case the nomination in the category with the most votes will count and the nomination in the other category will be cancelled. The votes will not be lost, but will be added to the score of this deal, professional or firm.

- 8.** Firms and professionals must have been actively involved in multiple mid-market and large- cap deals between November 1, 2020 and November 1, 2021. Foreign firms and professionals can also be nominated, on the condition that they have been active in this time frame in the Dutch market.
- 9.** Questionnaires for the categories Best Deal and Best Deal Mid-Cap must be submitted via [MAAwards.nl](https://www.maaawards.nl). Only deals announced or closed in the timeframe from 9 October 2020 to 15 October 2021 and forms received before October 15, 2021 24:00 hours are valid for nomination.
- 10.** Questionnaires for the categories Best Diversity Firm, Best Small Cap Deal, Best Young M&A Advisor, Best Young Private Equity Manager and Best Young M&A Lawyer must be submitted via [MAAwards.nl](https://www.maaawards.nl). Only forms received before October 29, 2021 24:00 hours are valid. Only Small Cap deals announced or closed in the timeframe from 30 October 2020 to 29 October 2021 are valid for nomination.
- 11.** All questionnaires must contain a minimum of 500 and a maximum of 1,500 words. By submitting the form, the organization is given permission to publish the pitch forms on, among others, [MenA.nl](https://www.mena.nl).
- 12.** The determination of the nominees and the winners of the M&A Awards is supervised by a civil law notary.
- 13.** The M&A Awards are evaluated annually. Subjects of evaluation are among others the regulations and the categories.

➤ Determination nominees and winners

1. In the category Best Diversity Firm, firms nominate themselves by responding to the questionnaire after which a panel of judges will choose the winner based on three criteria: Move the needle – is what they are doing moving the needle in Diversity & Inclusion. Reproducible – is what they are doing capable of being easily replicated and so gaining greater traction in the industry. Innovative – is what they are doing innovative and different.
2. In the categories Best Deal and Best Deal Mid-Cap, pre-nominations can be submitted via [MaAwards.nl](https://www.maawards.nl). Scores are determined for 75% by a panel of judges and for 25% by votes of visitors of [MenA.nl](https://www.mena.nl).
3. In the categories Best Small Cap Deal, Best Young M&A Advisor, Best Young Private Equity Manager and Best Young M&A Lawyer, pre-nominations can be submitted via [MaAwards.nl](https://www.maawards.nl). Scores are determined for 75% by panels of judges and for 25% by votes of visitors of [MenA.nl](https://www.mena.nl).
4. In the category Best Small Cap Deal, pitches are presented by the nominees in front of the panel of judges.
5. In the categories Best Young M&A Advisor, Best Young Private Equity Manager and Best Young M&A Lawyer, nominees will present themselves and their pitch in front of a panel of judges.
6. The results in all other categories are exclusively based on the outcome of the survey.
7. The survey outcome is calculated by combining the number of votes and the position in the M&A League Tables ([MenA.nl](https://www.mena.nl)). Each weighing 50%. The number of deals and the value of the deals are taken into account.*

- 8.** Votes of experts who work for the ten largest legal advisors and M&A advisors, sorted by value and amount of deals according to the [MenA.nl](https://www.mena.nl) League Tables and votes cast by CEOs, CFOs, M&A directors, Private Equity managers and general counsel, are counted twice.
- 9.** To prevent a potential bias from votes from experts working at the same company, the judgement of only one expert per company will be taken into account in the survey. Unless it is a larger company which offers multiple disciplines and services, such as acquisition advice, transaction services, tax advice or debt advisory.
- 10.** If multiple experts in the same discipline and from the same company participate in the survey, only the rating of the expert with the most completed survey will be taken into account. If two experts have filled in the questionnaire equally, only the rating of the most senior expert will be taken into account.
- 11.** Experts are allowed to nominate multiple professionals or deals in one category.
- 12.** If an expert votes for a firm he or she is currently working for or votes on him - or herself, the vote is declared invalid.
- 13.** The organization verifies if all questionnaires, votes and nominations meet the requirements as stipulated in these regulations. If needed, endorsements, votes and nominations are declared invalid. If the organization decides that a category has not received enough votes or the number of endorsements is lower than 3, the organization withdraws the category.
- 14.** If multiple persons, deals or companies receive the same amount of votes, the organization decides who to nominate and who will win.

** Explication: The first step is to calculate points based on the votes from experts. Suppose the nominee holds position 1 based on the number of votes. This gives $11 - 1$ (position) = 10 points. The second step is to calculate points based on the M&A League Tables. Suppose the nominee holds position 1 in the M&A League Tables based on the number of deals done and position 3 based on the total deal value of deals done. The score in the league tables is $(11 - 1) * 50\% + (11 - 3) * 50\% = 9$. The third step is to combine the points from the votes and the M&A League Tables. The total score is $(10 + 9) * 50\% = 9,5$.*

> **Announcement of results**

- 1.** Nominees receive a confirmation of their nomination by e-mail, via announcements on [MAAwards.nl](https://www.maawards.nl), [MenA.nl](https://www.men.nl), [CFO.nl](https://www.cfo.nl) and [FM.nl](https://www.fm.nl) as well as via media such as M&A Magazine and CFO Magazine and Het Financieele Dagblad.
- 2.** A description is made of nominated deals, companies and professionals. This description will be used in various publications. Nominees are asked to submit the requested information with regards to the deal (particulars, size, etc.). These descriptions will be revised and then published on [MenA.nl](https://www.men.nl). If the organization does not receive a description, it will draft up a text at its sole discretion.
- 3.** All nominees and winners receive a media kit containing the logo of the M&A Awards, which they can use in their communication.
- 4.** The winners will be announced during the exclusive gala dinner on the night of the M&A Awards 2021 on December 16.
